

To: The FCCFrom: A happy Satellite Radio Listener

I respectfully urge you to reject the NAB's petition 04-160 and to support XM's ability to provide me the kind of programming I demand and deserve. I am paying for Satellite XM radio because I didn't like local broadcasts and they offered what I want.

I benefit greatly from listening to the XM Satellite Radio and its traffic and weather channels. The variety and quality of programming is unmatched with local broadcast radio on FM/AM. I pay for the service XM Satellite radio provides me and it should not be up to the National Association fo Broadcasters to dictate to me what I am permitted to hear.

Please, REJECT NAB's petition 04-160.

Sincerely, Mike Ettel
